

AG PTO Executive Board Meeting Minutes  
Thursday, March 31<sup>st</sup> , 2017

Those in attendance were Amy Strawser, Lee Hamm, Katie Catron, Sara Plyler, Jennifer Bryson, Heather Price, and Mr. Folk

Meeting began at 8:32

Approved March Exec PTO meeting minutes

**Principal's Report:**

*Student Council:* All new FAT equipment bought for all grade levels. Paid for with Money from candygrams. They still have money left in their budget.

*Athletic field maintenance:* First Athletic Maintenance does not seem to be doing work. Fields are not maintained currently. Fields are getting heavy use right now with soccer, lacrosse, etc. Grass will not grow with mud that is out there right now. Bulldog club was going to investigate another company. Mr. Folk would like to meet with another company for ongoing field maintenance.

*Technology:* Printers have all been ordered.

**Treasurer's Report:**

*Review of Budget:* \$3300 for tree removal? Mr. Folk Clarified that CMS should reimburse this expense \$26,000 this month spent. Mostly on staff training. Student council bought t-shirts with money they raised. Shelley Briggs spent some money on equipment. One more payment to engaging schools.

*Bulldog Club:* (They have a separate budget from PTO that is operated separately from the PTO; however Bulldog funds are held and distributed by the PTO.) They recently encountered a problem. Purchased a gator and equipment before possibly considering all of the expenses associated with it. As a result, they have a balance of \$718, but have some end of year expenses remaining. They may need to borrow \$3000-\$5000 to cover upcoming expenses. Have some concessions sales coming up to help cover expenses. However, they are still short. They plan

to reimburse next year. There was discussion of implementing oversight measures for Bulldog Club during the next school year.

There is \$1766 in principal discretionary available from printing reimbursement, and \$500 from PTO board discretionary. If we move these funds, they should be able to get to \$3000 with the \$718 that they already have.

(There may be some additional extra funds in directory or invest)

**Nominating Committee Report:** Major committee chairs filled. Ghazele Johnston and Rebecca Drendel are co-chairing Invest.
